The roblox fly hack is not an entirely trackable game. It has been used to cheat on the game, blow up your inventory with limitless weapons and even get the creator's account. The game uses a form of tracking that makes it possible for people to use loopholes in the system and also detect when someone is using these glitches. The creators of the game have done research into ways to combat this issue, however, no viable solution has been found thus far.

11. There is a rule that allows inappropriate activity on Roblox to get banned. 12. There are too many glitches within the game such as the bug where the game does not close when you come out of a video, and it doesn't force you to close but it just stays on the screen, and even though you are out of the game, your character is still doing stuff such as talking about other people's friends and such. 13. Roblox needs to have a platform for developers where they can submit their games without them being judged or having any problems with inappropriate content getting banned along with their account and everything else that goes on within this platform.
